PE AND SPORT PREMIUM Review 2016-17

Sport Premium funding comes directly into school and is based on the number of primary aged children between the ages of 5 and 11. A typical primary school with 250 primary aged pupils would receive £9,250 per year. Schools are free to pool resources to ensure the greatest impact.

Sports Premium is focused on improving the quality and breadth of PE and sporting provision for all pupils. The proposal includes recommendations to develop initial teacher training and continual professional development to make a sustained impact on the quality of physical education. A priority must be to develop the teaching skills of non-specialist teachers to create dynamic and enjoyable experiences for children.
