

Comments from Year 6 parents/children 2020

My children learnt so much more than English and Maths – your school is a place of wonder, where little human beings blossom into happy, confident and inquisitive children. Thank you for helping us, you will always be a part of their lives, a part they will carry in their lives forever.

Thank you for all the support you have given our family over the years they have been at St Marie's. I don't think there can be a school anywhere that provides such a calm and nurturing environment for children...we will always feel part of the St Marie's family!

We could not have been happier with the teaching and support they received whilst they were with you. Both children improved academically whilst at St Marie's reflecting the dedication and commitment of the staff.we will forever be grateful for the time you gave to them. They left your school happy, with fond memories and a good foundation to continue their school lives.

Thank you for supporting my daughter in faith and education. Your constant encouraging and loving guidance has been poured into her tank, which I know will see her through her life.

Thank you for your excellent work, this school was the best learning environment for my children. St Marie's school was a safe place to grow up, a family outside the family. You made us feel welcome, important and cared. My children had the best experience, an example for life and it will be impossible for any other school to compete with such an outstanding educational institution.

Thank you for all your efforts in making me and my brother feel at home. This is a lovely school with kind teachers and I'm glad we moved here.

I have made some truly special memories of this school that I will never forget. I have made loads of friends on my journey through St Marie's and met some brilliant teachers.
